SUPPLEMENTARY INFORMATION:

I. General Information

A. Does this Action Apply to Me?

You may be potentially affected by this action if you are an agricultural producer, food manufacturer, or pesticide manufacturer. The following list of North American Industrial Classification System (NAICS) codes is not intended to be exhaustive, but rather provides a guide to help readers determine whether this document applies to them. Potentially affected entities may include:

- Crop production (NAICS code 111).
- Animal production (NAICS code 112).
- Food manufacturing (NAICS code 311).
- Pesticide manufacturing (NAICS code 32532).

B. What Should I Consider as I Prepare My Comments for EPA?

1. *Submitting CBI.* Do not submit this information to EPA through www.regulations.gov or email. Clearly mark the part or all of the information that you claim to be CBI. For CBI information in a disk or CD-ROM that you mail to EPA, mark the outside of the disk or CD-ROM as CBI and then identify electronically within the disk or CD-ROM the specific information that is claimed as CBI. In addition to one complete version of the comment that includes information claimed as CBI, a copy of the comment that does not contain the information claimed as CBI must be submitted for inclusion in the public docket. Information so marked will not be disclosed except in accordance with procedures set forth in 40 CFR part 2.

2. *Tips for preparing your comments.* When preparing and submitting your comments, see the commenting tips at <https://www.epa.gov/dockets/commenting-epa-dockets>.

3. *Environmental justice.* EPA seeks to achieve environmental justice, the fair treatment and meaningful involvement of any group, including minority and/or low income populations, in the development, implementation, and enforcement of environmental laws, regulations, and policies. To help address potential environmental justice issues, the Agency seeks information on any groups or segments of the population who, as a result of their location, cultural practices, or other factors, may have atypical or disproportionately high and adverse human health impacts or environmental effects from exposure to the pesticide discussed in this document, compared to the general population.

II. What Action is the Agency Taking?

Under section 18 of the Federal Insecticide, Fungicide, and Rodenticide Act (FIFRA) (7 U.S.C. 136p), at the discretion of the EPA Administrator, a Federal or State agency may be exempted from any provision of FIFRA if the EPA Administrator determines that emergency conditions exist which require the exemption. The VDACS has requested the EPA Administrator

to issue specific exemptions for the use of dinotefuran on pome fruits and stone fruits to control the brown marmorated stinkbug. Information in accordance with 40 CFR part 166 was submitted as part of the requests. In addition to VDACS, several other states have previously requested specific exemptions for the same uses and are expected to submit similar requests.

As part of the requests, the applicant asserts that the rapid spread of large outbreaks of the brown marmorated stinkbug (a recent invasive species) resulted in an urgent and non-routine pest control situation that is expected to cause significant economic losses without the requested uses. The Applicant proposes to make no more than two applications at a rate of 0.203 to 0.304 lb. (maximum total of 0.608 lb.) of dinotefuran per acre, on up to 29,000 acres of pome fruits and stone fruit grown in Virginia from May 1 to October 15, 2019. A total of 17,632 lbs. of dinotefuran could be used (maximum acreage at highest rate).

This notice does not constitute a decision by EPA on the application itself. The regulations governing FIFRA section 18 at 40 CFR 166.24(a)(7), require publication of a notice of receipt of an application for a specific exemption proposing a use which is supported by the Interregional Research Project Number 4 (IR-4) and has been requested in 5 or more previous years, and a petition for tolerance has not yet been submitted to the Agency. The notice provides an opportunity for public comment on the application. The Agency will review and consider all comments received during the comment period in determining whether to issue the specific exemptions requested by the VDACS.

Authority: 7 U.S.C. 136 *et seq.*
